**39th International
Ride-In™**

Canaan Valley, West Virginia

June 24-26, 2025

Welcome to Canaan Valley, West Virginia

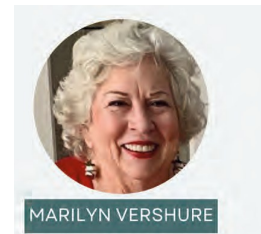

For the 39th International Women On Wheels® Ride-In™

Welcome ladies and gents and especially first-timers. We are so glad you are all here. I hope you have been enjoying the Facebook posts I have been sharing with you for the last year. I hope you ride in some of those places on the way to and from the Ride-In (™). There are so many great roads in West Virginia, try to do as many as you can. Don't count on making good time, even the Expressways are curvy and hilly. Please feel free to come up and introduce yourself to us. Please attend all the activities you can!

This is not only a Ride-In (™) but a family reunion. I have been a member for 39 years and have made many lifetime friends all over the country. You will do the same.

Have fun and be safe!

Marilyn Vershure
Co-Chair 2025

Welcome to the 39th Annual Ride-In(™)! Marilyn and I and all of the Ride-In(™) Committee has worked hard over the last year to put this excellent event on. I echo Marilyn's sentiments that it is also a family reunion. So whether you've been to many of them or if this is your very first one, WELCOME!

There is a complete schedule in your booklet, but here is a general idea of what to expect:

Tuesday is usually a busy first day with members registering and greeting each other. Later in the day, everyone is invited to attend the Board of Trustees meeting at 1:30pm and the General Membership meeting at 2:30. The routes for the Self-Guided rides are available on the website, the QR codes are in this booklet, and printed copies of the routes are available in the Hospitality room. The Opening Ceremony will start at 7:00pm and you will definitely want to join us for that. Several of our WOW members will share the exciting stories of their recent journey through Nepal on motorcycles!

On **Wednesday** most of the day is left open to encourage you to explore the lovely routes prepared for you and to explore many other areas in this riding nirvana called West Virginia. The First Timers Ride, The Support Member Ride and the CD/RA Rides are all happening also. You will want to plan to be back in time for the Crafts/Game Night beginning at 7pm.

Thursday night is the Banquet at 6pm. This will feature a plated meal this year, so no standing in line. Even if you didn't purchase a banquet ticket with your registration, you are still invited to join us afterwards for the Recognition Celebration at 7pm. Awards and certificates will be presented along with a presentation about the 2026 Ride-In(™) location, so you don't want to miss it.

Have a wonderful week everyone!

Laura Mitchell
2025 Ride-In Co-Chair
Trustee, WOW Board of Trustees

President's Welcome Message

39th International Women On Wheels® Ride-In™

Almost Heaven plays in my head as I start my route to Canaan Valley, life is old there older than the trees. What history is in this land? If these winding roads and hills could talk, these rivers spill the stories of canoes turned over, and the blue skies lead the way to our Ride In™. We welcome all our 1st timers to this event and hope this will be the start of many a new adventures and camaraderie with new people.

For those of you that have done this before welcome back and make sure to share your experiences with rest of the group.

I would hope you will have time to take in the Board of Trustees, and General Membership meeting, so we may say hello and learn about you and your riding adventures. The rest of the days I hope you can all **Make History with a Memory.**

Donna Schoenfeldt, President-Women On Wheels® Board of Trustees

Opening Ceremony Keynote

Cathy Davies, June Reeves, Wendy Crockett, Montessa Loomer, Nancy Mustachio, Heather Gillihan, Carol Hauck.

What was supposed to be mostly paved roads with maintained gravel turned out to be the adventure of a lifetime. Instead of smooth highways, goat paths and landslides dominated. A cohesive, supportive group of women motorcyclists, diverse culture and food made the trip worthwhile.

Hear the story at the opening ceremony.

Ride-In™ Safety Statement

Guided and self-guided rides will cover a wide variety of riding conditions that may include twisty mountain roads, debris and hazards on the pavement, other motorists, bicyclists, pedestrians, and animals. Elevations and weather conditions will change, and temperatures can vary widely. If you choose to participate in these rides, you are doing so at your own discretion and knowingly accept these risks of personal injury and/or damage to yourself, your property, your passenger(s) or others. **ALWAYS** ride within your abilities and in a manner that is safe for all. Please try to ride with a buddy and if you ride solo, please share your plans with someone.

Please do not drink and ride.

First Time Attendees Ride

Don't Listen to the Locals

Words of advice, Don't go to Dolly Sods with your bike. The locals are going to tell you how beautiful it is up there. Unquestionably it is beautiful. But it is also miles and miles of bumpy, dusty gravel roads. There will be a toll on you and your ride if you try to get there. There are better options that will get you that same panoramic mountain vista thrill.

Women On Wheels® ... Then & Now!

Women On Wheels® has a long history ... and some of these ladies are still active members of our organization! Women On Wheels® (WOW) was founded in California by an avid woman motorcyclist, Arleen Ruby, in 1982. A newsletter was created called *The Wheeler*, membership quickly grew, and chapters were formed in California and other states. Arleen was a forward thinker and in late fall of 1984, she completed the process to register the name 'Women On Wheels' with the United States Patent and Trademark Office (USPTO). Those words are still registered at the USPTO!

As the organization grew, Arleen Ruby realized it was too big for one person to manage. In 1984, she sold the organization to P&S Management. At that time, P&S Management also owned the Gold Wing Road Riders Association (GWRRA). The new owner wanted to discontinue chapters and simply maintain the new magazine called *Women On Wheels®*. The first Ride-In™ occurred in July 1987 in Marion, Illinois.

In late 1987, Sherry Jones bought the organization Women On Wheels®. She had handled the WOW account when employed by P&S Management. In 1989, these ladies also joined Sherry in ownership and then shared duties as membership and chapters grew: Kathryn Greenwood, Patty Mills, Peggy Scott.

Wisconsin members Sue Frish, Kathy Heller and Sue Konopka bought the WOW organization in 1992, and Linda Stone joined in ownership in 1994. They continued to build the organization. Women On Wheels® was honored to receive the Hazel Kolb Brighter Image Award in 1993, by the American Motorcyclist Association.

The last big change in our history occurred in 1998 ~ Women On Wheels® was incorporated in the State of Wisconsin as Women On Wheels®, Inc.; a non-stock, not-for-profit entity. Wisconsin Articles of Incorporation and By-laws were adopted. WOW would be managed by a volunteer Board of Trustees who were elected by the membership. WOW is still a corporation, and the original corporate management model is still in practice today!

Today, the same purpose remain — **to unite all women motorcycle enthusiasts!** Our WOW members have diverse backgrounds, and our youngest member is in elementary school, while our most senior members are in their eighties. Members ride every type of machine on the market. Some members never rode a motorcycle, and some are no longer riding but remain active in other ways. Members may affiliate with a specific chapter or may remain unaffiliated. ALL members are welcome to join in rides or activities of any chapter or state, at any time!

WOW provides information through the national web site, a public and member-only Facebook page, Instagram, Twitter, and other platforms. Currently, there are over 36 chapters across the USA and Canada.

The Story of Frogging

So, you want to know about the frogs, huh? It's simple, really. If you were "frogged" at the Ride-In™, it means that someone out there thinks a lot of you and wants you to know!!

The tradition of "frogging" someone was born at the 1994 Ride-In™ in Eureka Springs, Arkansas. Several WOW support members decided to do the 'guy thing' with a ride to Toadsuck, Arkansas – just so they could say, "been there, done that." They searched for souvenirs to prove their visit to Toadsuck.

Not one to be outdone, one ingenious member, who shall remain nameless, returned to Eureka Springs with a toad, which he somehow managed to put in my hotel bathtub. From there the little fellow made the rounds of several hotel bathtubs, although we never discovered just how they were able to get into our rooms! The next day, a fake hotel toad appeared in my bathtub. (Still, a mystery how they were getting into locked rooms.)

Eureka Springs hosts a specialty shop catering to frog lovers, and given that frogs, stuffed or otherwise, were easier to come by than toads, the tradition of "frogging" was born. For a while, frogs appeared at the most unlikely times and in the most unlikely places for most every WOW member in the State of Wisconsin. Of course, we ladies couldn't be outdone, so we 'frogged' the guys in return. It was rumored that Wisconsin's support members appointed a frog "procurement officer" who scoured garage sales for furry friends. This guy took his job seriously, and the frogs multiplied like, like, well – like tadpoles.

As time passed WOW friends from other states have found frogs on their bikes, in their tents, peering out of their luggage – anywhere and everywhere! It's taken on a life of its own these days, but basically, being "frogged" is a lot like getting a hug from a friend.

It's become a WOW tradition and a staple of our festivities!
